

Garbage Disposal Soon For Mokena

ABOUT THIS — AND — ABOUT THAT

By OLIVER GEDEIST

Russia's conduct in its relation with other countries, and particularly with the United States and England, seems to be beyond understanding. The "bull-in-the-china-shop" conduct shown in its actions gives the appearance of just plain meanness.

Historic background explains in part at least, the pugnaciousness of the Soviet's attitude in international affairs. For Russia is not grown up in understanding. It has achieved might, power, in advance of understanding of how to apply its might and power. And, Russia is afraid of other peoples.

Before the revolution in the 'teens, Russians were divided into two groups—the ruling class and its hangers-on and the people who were ground beneath merciless government oppression. Life was no more sacred under the czars than it has been and is under communism.

It should be remembered that Russia is a vast country, and that in a vast country there were almost uncountable millions of ignorant people who lived, or survived, when they did survive, under the lowest standards of living. Starvation always prevailed. Murder was the pastime of the governments of the czars.

And Russian people are not different from others. Under the czars they learned to murder without mercy; they continued their debauched condition following the revolution. Some improvement was made, but the improvement did not go deep enough. The revolution brought reading and writing. It failed because it did not produce ambition, inspiration—a spirit of sacrifice to break down barriers of ignorance and expand human possibilities.

Let us not hate our Russian neighbors. We should extend sympathy to them and wish them well. But until such time as Soviet power yields its ruthless policies, let's be ready to defend ourselves—let's be ready to strike back with a ton of our power for each ounce of power Russia can use.

WIPE OUT POVERTY—Don't forget that poverty and poverty's attendant miseries never have and never will produce cleanliness, high-mindedness, and wholesome living. That is as true in our country as in any other part of the world.

High prices are bearing down heavily upon millions whose incomes, although called "high," are not high enough to meet the conditions of alleged scarcity. Yet in our own part of the country foodstuffs are going to waste. And there are many thousands of persons in our own country who never have a full meal—children growing up in malnutrition, becoming parents with only weakness and disease to pass on as an inheritance.

No country has a right to call itself Christian when it abides the existence of unbalanced economic conditions imposing squalor and disease and starvation upon innocent persons, upon helpless persons. We should at least extract from our profession of being Christian enough stimulation to push out of ruts grown rusty and useless and set us to thinking—yes, THINKING—and planning on making our people prosperous. It's easier to attract the gratitude of a person for an ideal AFTER that IDEAL has lifted him up than before it has been tried.

It's a shame upon the American people that SURPLUS food should be allowed to waste as long as there is one person in need of it. If as much thought should be given to the problem of distribution in the United States and all over the world as is given by the management of one sizeable manufacturing plant in making a production line effective, there would be no surpluses.

Pious words and starvation do not jibe. We all know that American genius can perform wonders—it has performed wonders. It's about time that that genius should get started again on distribution in our country and around the globe.

Then, maybe, we won't think in terms of war so much, because a people will be happy.

HOOKED RUG CLASS

Mrs. William Fair and Mrs. Martin Smith of Mokena are leading in plans to establish a hooked-rug class in the basement rooms of St. John's church. The first class will be held at 10:30 Friday of next week. Ladies interested may call Mrs. Fair (Mokena 2244) or Mrs. Smith (Mokena 2254). It is desired to develop a class of 12 ladies, with the only expense the cost of two instructors from LaGrange.

Village Board Lets Contract--Complaints On Taverns Heard

Garbage disposal was the principal item on the agenda for the Mokena village trustees at the April meeting Tuesday evening.

Mayor Everett Cooper and members of the board reported that strenuous efforts had been made to secure a scavenger for the village, and the mayor introduced Harold Miller of Parker street, Mokena, who had made application for a contract with the village authorities to handle garbage and rubbish disposal.

Mr. Miller stated his purpose—to contract with individuals for removal of garbage, provided the garbage and other items to be taken away are in containers. Removal also will include weekly ashes in containers at the beginning of the next heating season. Large accumulations will be charged for extra.

Removal operations will be on Saturdays, Mr. Miller told the board, and the operations will start within a short time, after some necessary preparation has been made. The News-Bulletin will give ample notice to the public to be ready for the beginning of the pick-up service.

The charge for the service, Mr. Miller stated, will be \$1.50 monthly. License will be issued to Mr. Miller, under action by the board, upon payment of a \$5 fee, and the board further provided that no additional license will be allowed. Unauthorized collection of garbage will be a violation of village law.

The board made it plain that citizens of the village are under no compulsion to contract with the licensed scavenger, but further emphasized that open garbage and rubbish in violation of law and health regulations will not be permitted. The use of closed garbage containers will be required.

Spring collection of winter's accumulation was let to Mr. Miller on an offer to make the clean-up for \$75.00. After that the weekly collection will start.

Complaints were made to the board of Sunday morning sales by taverns. "Most of the taverns in Mokena have and his opinion was endorsed by others a good record," a board member said. "However," a spokesman for the board said, "the village authorities will not tolerate Sunday morning sales in taverns, and such violations will bring quick and certain prosecution."

A special meeting of the board will be held next Tuesday evening in connection with numbering village houses and putting up street signs.

Train Leaves Track In New Lenox

An engine and two freight cars of the Rock Island jumped a sidetrack in New Lenox Wednesday afternoon, about 3:30, but with no damage except the cost of putting them back on the tracks, plus wrecking the gates and a switch control box.

However, it was reported that one man was so close to injury that some thought his coat must have been "skinned." But he was not hit.

The engine and cars left the track with a rattling noise and came to a standstill between the tracks and Anderson's hardware store.

V. F. W. Installs

Wm. Martin Post 725 VFW, and its Auxiliary will hold a joint installation of officers at 8:00 o'clock Saturday evening April 12 in Hatch Hall, Mokena. The public is cordially invited to attend. It is hoped that a good number of VFW and Auxiliary members of all Fifth District posts will be present. Refreshments will be served immediately following the ceremonies.

Commander Don Neal, who has served this post so well during the past year, has secured the services of Comrade Carl Reis, senior vice commander department of Illinois, and Sister Reis. Comrade Reis will install the post officers and Sister Reis will install the officers of the Auxiliary.

Mrs. Maude Larson, who has presided faithfully for the Auxiliary during the past year, will surrender her office to Sister Stankus. Comrade George Phelps, who is now the senior vice commander, will take up the duties of commander for the ensuing year.

Much has been accomplished in both organizations under the guidance of Comrade Neal and Sister Larson and they, and all the officers, are to be congratulated for their untiring efforts.

The new officers are assured of the sincere cooperation of all members and it is hoped that they will have a most successful year.

M. K. MULLER, Adj.

RESERVED SEATS FOR AMATEUR SHOW ARE PUT ON SALE IN TINLEY PARK

Many Attend F-Men Meet In Frankfort

When Frankfort township unit F Men met in Frankfort last Friday evening, many of the members brought their families. The meeting was largely attended.

Speakers were States Attorney James Burke, Chief Deputy Sheriff Borrowman, Deputy Sheriff Doerfler, and Deputy Sheriff Starterick.

Speakers centered their talks on rural crime and methods of prevention. The law officers pledged their fullest cooperation to F Men, who, it was stated, have earned the gratitude of law enforcement officers in Will county for their aid in bringing violators to quick justice.

One of the items discussed by the organization, an abuse which it was determined shall be corrected, is the throwing of garbage and refuse on highways and on private property, by non-members of the community. It is the purpose of the group to watch for violations and immediately report the violations to public officers, and it is said that these reports are given swiftly. Therefore, it is better for interested persons to dispose of garbage through lawful means.

The following were elected as officers: G. C. Mager, president; J. Bettenhausen, vice president; Robert Maue secretary, I. D. Martie treasurer; A. C. Geuther past chairman; Deputies: William Knippel, captain, Carl Walters, Walter Salzweil; Harry Tewes; Jerome Dougherty; Alvin Kohl; Carl Ebert, Will Fair, Herman Bonnet; Edwin Yunker; Peter Mancke; Roland Knippel.

Membership in the group is available to farmers by payment of \$1 to Robert Maue, secretary, or I. D. Martie treasurer.

A social period followed the business meeting and a luncheon was served.

New Lenox Turns On 23 Street Lights

New Lenox streets now have lights. They were turned on for the first time Tuesday evening of this week, "after many decades of darkness," one official said.

While the street lighting program is not complete, it was said, the village now has 23 lights in operation, the result of action by the village board.

Additional lights will be installed when tax funds become available. Tax collections will not be available until 1948, and the 23 lights were financed by village licenses.

JOE KOHL HOME

Joe Kohl, Frankfort Township Assessor, who was receiving treatment in Presbyterian hospital in Chicago for the past two weeks, returned home Wednesday and is much improved. However, he continues quite weak.

Rev. and Mrs. Bieber To Entertain W.S.C.S.

The W.S.C.S. of the Mokena Methodist church will be guests of Rev. and Mrs. Robert Bieber in their home in Lockport next Thursday afternoon in the regular ladies aid meeting. All members are requested to attend and will meet at the church at 1:15 pm. Cars will be provided for those going.

Building Started For Novelty Shop

Building operation has been started for a new Frankfort structure to house Mrs. Busse's Gift and Novelty Shop.

The new building is being built almost directly across the street from the present location. It is hoped by Mrs. Busse that the new store room will be ready for occupancy within a few weeks.

FRANKFORT TP. ANNUAL MEET

At the annual Frankfort township meeting held in village hall in Frankfort Tuesday, a budget of \$2,940 was set up for the fiscal year, which began March 26. An interesting report related to relief activities. It was reported that only \$219 was spent in the past 12 months as a result of relief.

Election Results

Henry Yunker, for highway commissioner, received 198 votes the 2nd precinct, Eugene Hinspeter for school trustee received 182 votes, and Wesley R. Hollstein for justice of the peace received 181 votes.

Precinct 1, voting in Frankfort, cast a total of 52 votes, of which 45 were straight, four mixed, one spoiled. Henry Yunker received 51, Eugene Hinspeter 50, and Wesley Hollstein had 47 for the following totals: Yunker, 249; Hinspeter, 232; Hollstein, 228. There was no competition.

In New Lenox Township, Precinct 1 showed a total of 86 votes, while Precinct 2 fell short of that by one vote for a total of 85. Candidates receiving

the votes, without opposition, were William Hafka for township highway commissioner, Fred Francis for supervisor, Frank Pester and Laura Morris for library trustee, and Laura Morris for school trustee.

Green Garden township voters indicated a slightly higher election fever than Frankfort and New Lenox townships. There, 365 votes were cast as follows:

For supervisor, Floyd H. Kruff 192 and for Edwin H. Dralle 171; for highway commissioner, Carl Nagel 299; for justice of the peace to fill a vacancy, William H. Stassen 196 and William H. Albrecht 163. Edward C. Andrew for school trustee received 262 votes.

Regular admission at the doors, which will open in good time before the beginning of the show, will be 60 cents for adults and 30 cents for children under 12 years of age.

Stars of the show together with the cast are all set, it was announced this week, for putting on an entertainment of surprising quality, and plenty of fun. Proceeds of the shows, which will be MC'd by Ray Joplin on the 12th and by Bob Lutz on the 19th, will go to ward paying for additional lots for the recreation grounds.

Frankfort Stores Close From 1 To 3 Today

Acting upon a request from Frankfort churches to Village President George C. Sangmeister, business places in Frankfort will be closed this afternoon for Good Friday services. Stores will close between 1 and 3 o'clock.

Good Friday services will be held in the Methodist church beginning at 1 o'clock.

New Lenox Starts Street Repair Program

New Lenox village board Wednesday night appropriated \$500 for the purchase of gravel for repair of village streets. The work of repairing will start, according to Township Road Commissioner William Hafka, who appeared upon invitation of the board, as soon as the streets are thoroughly dry. He told the board that the township will do the grading.

Mayor F. Carlton Cole appointed Trustee Leonard A. Rought to work with Mr. Hafka. Because regular tax money cannot be collected until 1948, the present improvements must be financed by license fees now in the village treasury. However, members of the board expressed themselves in favor of a long-range program for putting New Lenox streets into first class repair with permanent surfacing.

Son For Clarence Folkers

Dr. and Mrs. Clarence Folkers of Blue Island have a new member of the family. Kenneth Lee was born in Miami, Fla., March 24. They are of the old Frankfort Folkers family.

ELECTION JUDGES NAMED

Election officials were named at Tuesday evening's village board meeting, when William S. Schmulh was elected to be chief judge and Edward Martie and John Martin. Mrs. Rose Steinhagen and Mrs. Seele were named as clerks. The election is to be April 15.

Caller Guy Colby Back

Square dance caller Guy Colby returns to Monee auditorium this Sunday evening after a two-month vacation.

Mrs. Kreuger Speaks In Frankfort Church

Mrs. Clara Kreuger, sister of Mrs. John Staff of Frankfort arrived here Friday evening, to spend a week. Mrs. Kreuger will be remembered as Clara Leppa. She is now living in Minneapolis, Minn. with her children. Her husband died some years ago. She attended the confirmation reunion at St. Peter's church, where she was the guest speaker of the evening. Mrs. John Buch was the oldest confirmand present.

Mrs. William Wilson sang "In My Father's House are Many Mansions," Scherill Heichbrodt sang, "Be Thou Faithful Unto Death," Marion Batson and Juanita Waldvogel sang the offertory duet.

Mrs. Buch was presented flowers for being the oldest (over 80 years' old) confirmand present.

Mokena Softball Teams Are Planned

Softball enthusiasts in Mokena met in Braun's recreation parlors Wednesday evening to plan for softball for Mokena this season. A large crowd of young Mokenans were present.

Development of two teams is planned, an "A" team and a "B" team. All positions are open and all interested should attend a limbering-up session at Mokena school gym next Wednesday night, or see Norvall Robinson, George Bennett is to be coach.

Prospects are excellent, it was said, for a fine softball season this year.

Mrs. Shoop to Review Book at Club Meet

At a regular meeting of the Book Club in Mokena next Friday evening, April 11 Mrs. Arthur Shoop will review a book by Milo M. Quaife, "Lake Michigan."

The meeting will be held in the home of Mrs. Harry Warnacut.

Just Old Enough to Vote

Donald Smith voted in Mokena Tuesday. It was his first vote. And he just made it. He was 21 Tuesday. He is the son of Mr. and Mrs. Martin Smith, who live on a farm northeast of Mokena, and specialize in breeding Duroc will be available for the 1948-49 term.

"Bill's" Now in New Lenox

There's a "fix it" shop in New Lenox. It's "Bill's", and is located on Route 30, adjoining Otto Bornet's garage. "Bill" formerly was located in Joliet.

Mexico City Trip To Be Classic Event

Mexico City, which is to be visited by two persons selected during the Tinley Park Homecoming, offers a fascination perhaps greater than any other single city in the world.

Remains of ancient cultures mark a modern city with modern stores and business places.

Senioritas still lure those who seek entertainment and a happy blending of the old with the new. Remains of Aztec civilization stand side by side with relics of conquering Spanish invaders at the time of Spain's zenith of power and glory.

Yes, there is color to Mexico—color that goes beyond the bright tiles and pink faces of its houses, the vividness of flowers and gardens, the swirling dresses and costumes of market places and fiestas.

Ancient ruins abound amid scenes of natural beauty—beauty induced by Mexico's pleasant climate. Average temperatures vary from 56 degrees in January to 66 in June. The city is in the clouds, 7,000 feet up and mountains surround it.

The two persons selected at the Homecoming for the trip truly will be fortunate of a "Fairy Prince."

Opening Of Library Set for Next Week

The opening of Mokena Public Library, sponsored by the Mokena Book Club, has been set for next Tuesday, April 8.

Library hours will be from 2 to 4 Tuesday afternoons and from 7:30 to 9 Wednesday evenings.

Sponsors urge Mokena people to come to the opening of the library.

New Lenox Group Puts Up Candidates

A group of New Lenox men have entered the competition for village offices in the election to be held April 15th. Their decision to run for office was based on two points. First, that there should be two candidates for each office so that the voters will be able to express their choice. Second, that some of the village officials should be men employed in the village so that they would be available when the need arises.

This group of civic-minded citizens got together and nominated the following: Chester Bowman, mayor; Bob McCleary, clerk; Amos Bruns, LaVerne (Sue) Braun, Otto Bornet, George Marshall, Theodore Zusag and Sheldon Hauck, aldermen.

MISS CHARLOTTE GORNEY MARRIES IN BLUE ISLAND

Miss Charlotte Gorney, daughter of Mr. and Mrs. Chester Gorney, former Mokena residents, on Saturday, March 22 was married to Willis Wollenzien, son of Mr. and Mrs. Herman Wollenzien of Blue Island.

The ceremony was performed in the parsonage of the First Lutheran church in Blue Island. The bride was attended by her sister Lorraine and the groom's attendant was Richard Bogda.

Thousands To Observe Resurrection Morn Under Rising Sun

Many thousands of Christians in this area will journey to open places and sanctuaries of worship early Easter Sunday morning for sunrise services celebrating the resurrection of Jesus.

Churches throughout the area have planned special services, with songs of thanksgiving greeting the annual commemoration of the emergence of their crucified leader from the tomb of Joseph of Aramethea as told in the gospels of the Christian Bible.

Great numbers of open services are scheduled, according to reports. One of the largest outdoor services is scheduled for Palos Park Community Center Foundation, on southwest highway (No. 7), at 127th street at 7 o'clock.

A service of preparation will be held in the great hall, following which the expected throng will form into a silent procession to the hilltop, where a service of consecration and dedication will be held, with a number of pastors participating.

Music will be under the direction of Paul T. Sanders, director Community Center Foundation, with Palos Heights Chorus and Fred Riley of Elmhurst and Harry Hayden of Worth furnishing Easter morning music.

Tinley Park churches have all arranged full programs, St. Paul's Lutheran Church, having German services at 9:30 and in English at 10:30.

Trinity Lutheran Church has scheduled a German service at 9 o'clock, Sunday school at 9:30, and English service at 10:30.

The primary department of Tinley Methodist church will present an Easter message at 10:45, and special choir music has been arranged with an Easter service by the pastor.

St. George Catholic Church in Tinley will have masses at 8 and 11 o'clock.

In Zion Lutheran Church, German service at 8:30 and English service at 11, preceded by a preparatory service at 10:30.

At Mokena, St. John's Evangelical Youth Fellowship begins the day with Easter breakfast at 7:30 with the 1947 confirmation class guests of honor. Leigh Kropp will be master of ceremonies. Oliver Gedeist of the News-Bulletin will give a short address.

Yanday school Easter service at 9:30 with "Bringing the Cross to Life" with live flowers brought by pupils. Easter praise service at 10:30, with anthems and special features.

Immanuel Lutheran, schedule calls for special music, with an Easter anthem by the choir. Other services will follow the regular plan.

Mokena Methodist church begins the day with a sunrise service at 7:45. Church school is at 10:35 with Easter motif.

Rev. Benedict Pfeifer will hold mass at 8:30 at St. Mary's Catholic church.

Marley Community Church has prepared special programs for Sunday school at 10 o'clock and morning service at 11.

Palos Park Presbyterian services at 9:45 and 11.

Sacred Heart Church, 107th and Keane avenue, will have masses at 8, 9:30 and 11:30.

Orland Park Methodist plans two special anthems. Services at 10:30.

St. Michael's Church masses at 7 and 9 o'clock. Sunday school 3 to 4 in the afternoon.

Christ Lutheran German Easter sunrise service and holy communion at 6:30, with German festival service at 9 and English festival service at 10.

New Lenox, St. Jude's Catholic Church masses at 8 and 10.

The New Lenox Methodist church Easter service will be at 10:45.

Grace Episcopal will follow the usual pattern for hours, with special attention to the significance of the day.

Homer Congregational church Easter service at 10:30 will have a variety of musical numbers, with Sunday school children participating and special selections by the choir.

St. Peter's Evangelical and Reformed church services at Frankfort at the usual hour, with special Easter emphasis.

Frankfort Methodist service is at 9:30 with special music.

Green Garden Methodist services at 10:45. Special music is planned.

Gedeist Is Speaker

Oliver Gedeist, manager and editor of The Semmer Papers, is to be the speaker Easter Sunday morning at a 7:30 Youth Fellowship service in St. John's Evangelical church, Mokena, of which the Rev. William J. Riemann is pastor.

The Youth Fellowship will start the morning services with devotions and breakfast and will continue participation throughout the morning's activities.

BOXCAR SHORTAGE TO LAST THROUGH FALL OF 1947

Today's box-car shortage in the grain areas of Illinois, conceded to be the worst in 20 years, will continue its tight grip on grain movements thru the harvest season of next fall, according to G. W. Baxter, transportation director for the Illinois Agriculture Association.

GRANTLAND
RICE

THE citrus crop took quite a shellacking from the rather rough winter that assaulted Florida this season. This was practically the same winter that almost wrecked England and Europe and was none too soft on the South, the Southwest and the Middle West in the U. S. A. But for all of that, the pennant crop in Florida is looking to one of its biggest years.

If you recall the facts, the Cardinals, who trained at St. Petersburg, and the Red Sox, who trained at Sarasota, won the two major pennants a year ago. In the American league, Florida - trained teams, the Red Sox, Tigers and Yankees ran 1-2-3. In the National league they ran 1-2. According to Al Lang, who was bringing teams to Florida when Connie Mack was a rookie, it will be the same this season.

"Red Sox, Tigers and Yankees will run 1-2-3 again," Al tells you. "The Cardinals will prove once more that St. Petersburg is the best training spot on what is left of this globe. Florida stands pat. This state will dominate the two leagues, and we'll still have a few oranges, grapefruit, tangerines, strawberries and what not left over."

Lang still figures the Yankees would have done much better if they had come direct to St. Petersburg in place of using up their early training days in Puerto Rico and other Latin-American countries. I agree with him. The main reason for a big league team coming south or heading westward is condition—not exhibition games. The main idea is to build up legs and arms, to develop wind, to get ready for the 154 games that wait on beyond the middle of April. You get that on turf and sod, not in the air or traveling on trains. The Yankees were far ahead of the Cardinals this time last spring.

In Shape Too Early

"They are a full month past us," Eddie Dyer told me.

But the Cardinals were 20 games ahead of the Yankees in late September. Ball players I meet around here don't figure the Yankees can come close to the Red Sox, who are picked again to get another killing jump, due to saner training methods. At least partly. Not entirely. The Red Sox also have much the better ball club, no matter where the training site.

"How can anyone tell about the Yankees?" one veteran said. "Who could have told you 10 or 11 of their best hitters would fall off 30, 40 or 50 points? Who can say how many of these will bound back to where they used to be? Who can tell you how good Joe DiMaggio, the big man on the club, will be? Their pitching was pretty good last year. It was their weak hitting that wrecked them. DiMaggio, a great ball player, could be a big lift if he is the ball player he was before the war. Maybe he will be. I wouldn't know. But having DiMaggio in a slump is like having Bob Feller with an off year or Ted Williams batting .280 or Hal Newhouser trying to win 15 or 18 games. Look how Babe Ruth carried the Yankees so many years. Sure, he had a lot of help, but it was the Babe that supplied the spark.

"DiMaggio makes a much greater difference to the Yankees than the hits he makes or the runs he drives in or the great catches he can handle. Joe can lift or let down the entire club on the mental or hustling side.

Plenty of Possibilities

"The Yankees are still packed with possibilities. Spud Chandler is still a great pitcher. Stirnweiss, Rizzuto, Lindell, Keller, Henrich, Johnson, Robinson and others, have shown in the past how good they can be—when they are right. With the exception of Chandler and Robinson, most of the Yankees were not too hot last year.

"They have high-class handling from Harris, Dressen and Corriden. They couldn't ask for better. But it is the ball player and the spirit of the ball player that gives you the answer. The spirit of the Yankees, I happen to know, was bad last season. They were a long way from the Yankees I used to know. I'd like to see first how much fight and hustle they have left. I'd like to see them with more of the stuff the Cardinals and the Dodgers have."

The Hard Luck Breaker

It has been a long time since I saw Spud Chandler of Georgia running, blocking and kicking against Yale. After leaving Georgia, Spud spent most of his time fighting off hard luck. He was shifted here and there, finally landing with the Yankees. He started several weeks before the spring training season but broke an ankle while running.

A year later he fielded a short punt with a quick snap that wrecked a ligament in his right arm.

THE WASHINGTON SCENE

Ages of House Committee
Heads Vary from 44 to 79

(Editor's Note: This is the sixth in a series of articles dealing with new congressional committees and their chairmen.)

By WALTER A. SHEAD
WNU Washington Correspondent

WASHINGTON.—Chairmen of house of representative committees, revamped under terms of the reorganization act, range in age from 44 to 79 years, it is disclosed in a survey of the new committee heads.

Eldest of the group is the veteran congressman, Rep. Charles A. Eaton of New Jersey, who is 79. Two other committee chairmen are in their 70s, Rep. Clare E. Hoffman of Michigan, 72, and Rep. Earl C. Michener, also of Michigan, 71. Youngest house committee chairman is Rep. Fred A. Hartley Jr., also of New Jersey, who is 44. Also under the half century mark are Rep. Leo E. Allen of Illinois and Rep. Fred Bradley of Michigan, both of whom are 49.

The list of committee chairmen in the house continues:

Interstate and
Foreign Commerce

CHARLES A. WOLVERTON (N. J.), new chairman of the interstate and foreign commerce committee, supported the Democratic administration in the 79th congress more frequently than the outgoing Democratic chairman, Clarence F. Lea (Calif.).

Wolverton, a 66-year-old lawyer and banker, has been in congress since 1927. The first New Jersey district, which he represents, is composed of three counties along the Delaware river in the southwestern part of the state, and had a population of 370,220 in 1940. Most important city is Camden, where Wolverton has long been prominent in local affairs. He also has served as special assistant attorney general of New Jersey and from 1915 to 1918 was a member of the New Jersey house of assembly, of which he was speaker in 1918. He is a director and associate counsel of the First Camden National Bank and Trust company.

Wolverton's district is predominantly industrial. Largest industries are electrical supplies, automobiles, shipbuilding, machinery and chemicals. CIO ship and electrical workers unions are well organized and politically active, as are the AFL construction trades and the railroad brotherhoods. The only agriculture is small truck farming in the southern part of the district. Wolverton has had labor support in recent campaigns.

The committee's jurisdiction includes civil aeronautics, the weather bureau, oil and gas except that on public lands, securities and exchanges, public health and the bureau of standards, besides the regulation of interstate commerce generally.

Post Office and Civil Service

EDWARD H. REES (KAS.) heads the post office and civil service committee, which combines jurisdiction of the former civil service committee with personnel functions of the old post office and post roads committee.

As ranking Republican on the civil service committee, Rees has been concerned with the loyalty of federal employees. In 1946 he introduced a resolution to authorize his committee to investigate civil service commission checks of employees' loyalty which had been virtually discontinued for lack of funds. Rees was appointed chairman of the investigating committee, which did not make a public report.

Rees also has been concerned with alleged failure of the civil service commission to give proper attention to veterans' rights in hiring and firing federal employees. He has opposed the amount and distribution of salary raises given to federal employees in 1945 and 1946. He tried to cut personnel of the agriculture department more severely than was provided by the 1947 appropriation.

Born on a Kansas farm 60 years ago, Rees owns and operates a farm and practices law in Emporia. Before being admitted to the bar, he taught school. He is a veteran of World War I. He served in the Kansas legislature from 1925 to 1935, and has been a member of congress since 1937.

Rees' district (the 4th Kansas) includes 15 counties in the east central part of the state. Some are completely rural-agricultural, but in

Judiciary

EARL C. MICHENER (MICH.), who has practiced law for 43 years in a small town in southern Michigan, is new chairman of the judiciary committee.

Judiciary, known as the lawyers' committee, combines the functions of the old committees on judiciary, patents, revision of laws, and immigration and naturalization. Its jurisdiction includes constitutional amendments, anti-trust laws and presidential succession. Michener usually, but not always, follows Republican party policy. In the last three months of the 79th congress he voted with the majority of Republicans on 78 per cent of the controversial roll calls.

Michener has been in congress since 1919 with exception of the two-year period from 1933 to 1935. He voted for overriding the Volstead act veto in 1919, for the child labor amendment in 1924, for repeal of prohibition in 1933, for the compromise soldier vote bill in 1944 and for the anti-poll tax bill in 1945.

A native of Ohio, Michener is 70 years old, and has practiced law in Adrian, Mich., since 1903. He served in the army during the Spanish-American war.

The second Michigan district, which Michener represents, is composed of four counties in the southeastern part of the state adjoining Detroit and extending to the Ohio state line. Its population in 1940 was 285,648. Michener's home county is mainly agricultural, but the others contain automobile and parts plants, including Willow Run. CIO United Auto Workers are gaining considerable strength in the district.

Merchant Marine, Fisheries

FRED BRADLEY (MICH.), is chairman of the merchant marine and fisheries committee, which has jurisdiction over the merchant marine, other common carriers by water (except in their interstate commerce aspects), the coast guard, Panama canal, fisheries and wildlife.

Bradley, who has been active in Great Lakes shipping for 20 years, was active in support of the 1945 bill to provide for sale of surplus ships. Fundamental object of the bill, he declared, was to "maintain the American merchant marine paramount on the high seas." In the 79th congress he introduced bills relating to Great Lakes transportation and fishing.

Bradley is a regular Republican. On controversial roll calls of 1946, he voted with the majority of his party 96 per cent of the time.

His district (the 11th) is the largest in Michigan, with seven counties in the upper peninsula and nine in the lower. The area is sparsely populated, with only four cities over 10,000 population. The largest, Sault Ste. Marie, is about 16,000. Principal industries are agriculture (potatoes, hay, fruit) and logging. Largest open pit limestone quarry in the world is near Bradley's home town of Rogers City. Part of the area is summer resort country.

Born in 1898 in Chicago, Bradley grew up in Rogers City. After graduation from Cornell university in 1921, he was connected with the Michigan Limestone and Chemical company, a subsidiary of U. S. Steel, and subsequently with Bradley Transportation company which operates six freighters owned by Michigan Limestone. Bradley makes a weekly report to his constituents through speeches transcribed for broadcasting over the district's four radio stations. He has been in congress eight years.

Only One Passenger but Railroad Pays

GALESBURG, ILL.—Only one passenger was carried by the Galesburg and Great Eastern Railroad company during the past year, realizing a revenue of 36 cents for the passenger department.

However, the little road, which is a common carrier operating about 10 miles of track between Wataga and Victoria, Ill., expects to be in business for a long time. Although it may carry passengers, its prin-

cipal business is derived from hauling coal. Last year the road's three locomotives hauled 600,000 tons of coal from a mine near Victoria to connect with the Burlington railroad's main line at Wataga.

Confident that their road will continue as a paying venture, the directors have asked the Illinois Commerce commission for a 50-year extension of their present franchise, which expires in 1948.

A DAINTY little trio for sunny weather playtime. Your young daughter will look adorable in this wing sleeved dress trimmed with colorful ric rac. A pert bonnet shades her face prettily—brief panties complete this practical outfit.

Pattern No. 1605 comes in sizes 1, 2, 3, 4, 5 and 6 years. Size 2, dress, 1 1/2 yards of 35 or 39-inch; bonnet, 1/2 yard; panties, 1/2 yard.

HOUSEHOLD
HINTS

Wallpaper, to take a water base paint, must be completely dry, so it is best not to tackle the job in damp weather. Wait for a warm day. Apply with wide brush or roller for the very best results.

It takes a lot of paint to cover bricks because they are porous and soak up the linseed oil. The first coat should be permitted to dry for a week or ten days before the second one is applied.

Protect your scissors from rust in damp weather by wrapping them in waxed paper.

When hanging clothes in the yard, borrow your son's express wagon. Put the clothes-basket in wagon and pull it along as you hang clothes. Save unnecessary steps and strenuous lifting this way.

A rip-saw should be held at an angle of 60 degrees for best results.

Choose colored thread slightly darker than the fabric on which it will be used. Then, when stitched in place, it will appear to match the fabric.

For a rainy day. Clean out bureau drawers occasionally and throw away worn-out and unnecessary items.

Fresh Apple in Bran
Muffins! Wonderful!

MAKE THEM UP IN NO TIME!

Crunchy, toasted Kellogg's All-Brán and fresh apple taste just dreamy!

2 tablespoons shortening	1 cup Kellogg's All-Brán
1/4 cup sugar	1/2 cup milk
1 egg	1 cup sifted flour
1/4 cup grated raw apple	2 1/2 teaspoons baking powder
	1/2 teaspoon salt

Blend shortening and sugar. Add egg; beat well. Stir in apple, Kellogg's All-Brán, and milk. Let soak until most of moisture is taken up. Add sifted dry ingredients to fruit mixture. Stir only until flour disappears. Fill greased muffin pan two-thirds full. Bake in moderate oven (400° F.) about 30 minutes. Makes 12 muffins. You'll want to make them often.

Good Nutrition, Too! All-Brán is made from the VITAL OUTER LAYERS of finest wheat—serves daily as a cereal.

One Way Out

Like many young couples, this one made the mistake of bringing Junior with them to the movies. The infant saw no reason why he should be quiet, but it seems the manager of the theater did.

"If you can't keep that youngster quiet," the manager whispered harshly to the father, "I'll have to ask you to take your money back and leave."

Promptly, the baby went to sleep.

The movie went on and turned out to be one of those interminable, boring productions. The husband shifted uneasily in his seat and finally nudged his wife.

"For goodness sakes," he moaned, "give Junior a punch."

WHY TAKE HARSH LAXATIVES?

Healthful Fresh Fruit Drink Makes Purgatives Unnecessary for Most People

Here's a way to overcome constipation without harsh laxatives. Drink juice of 1 Sunkist Lemon in a glass of water first thing on arising.

Most people find this all they need - stimulates normal bowel action day after day!

Lemon and water is good for you. Lemons are among the richest sources of vitamin C, which combats fatigue, helps resist colds and infections. They supply valuable amounts of vitamins B₁ and P. They pep up appetite. They alkalize, aid digestion. Lemon and water has a fresh tang too - clears the mouth, wakes you up, starts you going.

Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist Lemons.

Nursing School Program Begins

Silver Cross hospital school of nursing at Joliet has announced the start of its student enrollment program for the August class with an open house program and tea Monday, April 7. Pre-entrance tests are set for Saturday April 12, it was announced this week by Miss Mabel Mahlman, director of the school. A special invitation to the open house is extended to 1947 high school seniors. The program will include a tour of the hospital and school of nursing building, movies and music.

Because of the increasing demands for graduate registered nurses, young women who prepare now for a career in that field are assured of many interesting and lucrative opportunities on completion of the three-year course, hospital authorities state.

Among the qualifications required of those who contemplate the study of nursing are that they be high school graduates between 18 and 30 years, interested in people and wishing to be helpful to them, in good health, kindly, trustworthy, and adaptable.

Interested high school seniors, as well as those who have graduated previously, may obtain application blanks and a copy of a 36-page brochure describing student nurse activities and nursing as a career by writing to Director, School of Nursing, Silver Cross hospital, Joliet, Ill.

FAMOUS LAST WORDS: Remind me to have these brakes checked—tomorrow.

AID FOR CRIPPLED CHILDREN TO BE TOLD ON BROADCAST

Guests on the Will county health department weekly radio broadcast over station WJOL on April 4 will be Miss Bertha Schultz, public health council; Mrs. Isabel Lasser, teacher, crippled children's room for Joliet public schools; Mrs. Vera Josal, orthopedic nursing consultant, University of Illinois, division of crippled children; and Mrs. Alvena Dyer, public health nurse, Will county health department.

**I'M THRIFTY WITH
TIME AND FUEL*
WHEN I COOK
THIS BROILER MEAL**

Menu
Slice of ham
Pineapple rings
Sweet potato slices
Ice cream
Cookies
Coffee

There's nothing to match a broiler meal when you want to cut down on the time you spend in the kitchen. It's quick and easy... and it has the added virtue of saving on fuel, too. This broiler meal can be served in short order... but remember to boil the sweets the night before!

Select slice of ham one-half inch thick and slash the fat edge. Place ham slice in center of broiler rack about three inches from tip of flame. Brown on top side, turn and brown on second side. It will take 5 to 7 minutes per side to broil one-half inch thick slice.

Slice boiled sweet potatoes one-half inch thick, brush with fat, season with salt, and place around ham on broiler rack when turning ham. Three or four minutes before removing from broiler, arrange pineapple slices on top of ham and brown lightly.

You'll find this healthful broiler meal tempting and delicious... and so wonderfully quick and easy to prepare! Plan at least one broiler meal this week. Be sure to choose economical foods which all broil at one speed... it's a clever way to get the most from your gas range!

*** SAVE GAS on COLD DAYS!**

War-born delays in the expansion of the natural gas pipeline make it necessary to temporarily restrict new space heating and industrial uses... to protect the supply to homes and essential needs.

"The Gauntlet," by James Street,

was very capably reviewed by Mrs. Nina Freeman of Joliet Thursday afternoon, March 26, at the home of Mrs. John Spuehler, at a Lenten tea, sponsored by the Women's Guild and Auxiliary of Grace Episcopal church. Preceding the review, Mrs. Dorothy Hauser also of Joliet, played her original piano arrangements of "The World is Waiting for the Sunrise" and "Stardust." Immediately after the review "Tea for Two," demonstrating her very versatile style. Mrs. Freeman's easy narrative style gave life to the characters and continuity to the very absorbing story. Thirty five guests were served coffee and cake in the dining room, where the yellow and white theme of decoration was very effectively carried out. Yellow and white tapers burned in the table center flanked by bouquets of yellow and white daisies and yellow and white cake squares completed the theme. Mrs. Freeman and Mrs. Hauser were introduced by Miss Ethel Spuehler. The committee in charge included Mrs. and Miss Spuehler as well as Mrs. Madeline Miller and Mrs. Grace Morgan and Mrs. Betty Klasing.

The New Lenox unit of Home Bureau met Friday afternoon at 1:30 in the home of Mrs. Clarence Luther, with Mrs. Louis McCann as the assisting hostess. Are You Satisfied with Your House?

Read These Questions and Answers

Q MY HOME IS A FRAME BUILDING. IT IS COMFORTABLE BUT IS WEARING OUT ON THE OUTSIDE. SHALL I PAINT IT OR PUT SIDING ON IT?

A Some buildings look better painted, others show up fine with the modern sidings that IMPERIAL has. If it would look well with siding you are probably better off for our new Johns-Manville siding is fireproof, dirt resisting, insulating, colorful. It lasts forever.

Q MY BARN HAS AN OLD WOOD SHINGLE ROOF. IT IS A GOOD ROOF BUT IS IT SAFE?

A It is far from safe. Several large buildings in this area have burned to the ground because they had just that kind of a roof. See IMPERIAL for a fire-resisting roof that is approved by the insurance underwriters.

Q MY HOUSE IS IN GOOD CONDITION AND SOLID BUT IT WAS BUILT IN 1910. IT HAS NO ARCHITECTURE ACCORDING TO TODAY'S STANDARDS.

A Don't move until you have seen what IMPERIAL can do at very low cost. We've changed hundreds of buildings around so that the owners themselves could not recognize them. A little different size window here, a smaller porch there, perhaps a canopy over the door, can make all the difference in the world

MOKENA

IN MEMORIAM

YUNKER—Robert. In loving memory of our Robert, who passed away three years ago April 8th.
You are not forgotten.
Nor ever shall you be.
As long as life and memory last,
We shall remember thee.
WIFE, CHILDREN,
MOTHER, FATHER, SISTERS.

Mrs. Edna Marvin of Front street, who has been ill for sometime, was removed to Silver Cross hospital last Sunday afternoon.
Mr. and Mrs. George Dath entertained at a party last Sunday evening in their home honoring the ninth birthday of their son George. Fifteen guests enjoyed the evening. Group singing was the chief diversion, with Mr. Dath presiding at the piano and Donald Helenhouse playing the guitar. Movies were shown by Mr. Dath of pictures which he had taken around Mokena and also their home. Refreshments were served. All enjoyed a very pleasant evening.
Meryle Krusemark returned to his home at Truman, Minn., Wednesday after spending a few weeks with his sister, Mrs. Wesley Cappel and family and with his uncle and aunt, Mr. and Mrs. Albert Cappel. Mr. Krusemark had just completed service with the army, being 8 months in the Philippines and received his honorable discharge at Fort Sheridan March 12, the day before that camp was closed.
Mr. and Mrs. Dean Rueckert have purchased the Lester Schiek house tenanted by Mr. and Mrs. Ralph McGregory and son. They will move into it as soon as it is vacated.
Mr. and Mrs. Rodeghero of Joliet have moved into the Schlack building on Front street.
Mr. and Mrs. Peter Helenhouse of Chicago were guests of the former's brother, William Helenhouse and family last Sunday afternoon.
Mr. and Mrs. F.C. Whitlark entertained at a dinner in their home last Sunday complimentary to the confirmation of their daughter, Marianne. Guests included Mrs. F.L. Whitlark of Detroit, Mich., Mr. and Mrs. F. J. Lochbihler and son Frederick, Mrs. F. A. Batell, Mr. and Mrs. J. Templin and daughter Ellen Mae all of Berwyn; Mr. and Mrs. F.A. Krusemark of Chicago; Attorney A.H. Krusemark Sr., of Frankfort and Dr. and Mrs. E.G. McMahon of Mokena.
Mr. and Mrs. August Hauck entertained the pinocle club in their home last Saturday evening.

CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 30, was:

"REALITY"

The Golden Text was:

"Thou, O Lord, shalt endure for ever; and thy remembrance unto all generations" (Ps. 102: 12)

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"The Lord hath brought forth our righteousness; come, and let us declare in Zion the work of the Lord our God... He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heaven by his understanding... I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor anything taken from it: and God doeth it, that men should fear before him." (Jer. 51: 10, 15; Eccl. 3: 14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made... God creates all forms of reality. His thoughts are spiritual realities... Everything in God's universe expresses Him... He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual." (pp. 472, 513, 331).

RNA NOTES

At the last regular RNA meeting the Camp celebrated the 52nd anniversary of the organization. Songs were sung and one of our members explained the Key drive for members now going on, and urged each member to try and bring a new candidate.

The members annual birthday club

was started again at this meeting. Several members celebrated their birth days in March and contributed to the club. Some time in the fall a large dinner party will be held to celebrate everyone's birthday. After the meeting a lovely large birthday cake and coffee was served. White elephant bunco was played and all received a prize. Our next meeting is Tuesday, April 8 and will be a social meeting.

Mr. Harry Uthe returned home from the hospital Monday and is showing improvement.

Mrs. Elmer Kollmann and Mrs. Louis Hupe honored Lorraine Kollmann with a bridal shower Wednesday evening, March 26 at the Elmer Kollmann home. She was the recipient of many lovely gifts.

The evening was spent playing bunco and prizes were awarded to Laura Wille, Lucille Cohrs, Mrs. Katie Ehrlich; Mrs. Ida Bernard and Mrs. Louise Soenholz. At a later hour a delicious buffet lunch was served by the hostess.

The regular meeting of the boys 4H club was held at the home of Mr. W. W. Kester Monday evening March 31. There was a brief period of recreation after which the meeting was held.

Dallas Webster gave a report on the better methods program sponsored by the Public Service Co. in which four scholarships are to be awarded. Mr. Kester gave a brief report on the 4H club leaders conference that was held in Blue Island.

The boys decided to start a softball team next month so come on all you ball players and join the 4H. Just get in touch with any of the members or Mr. Kester. See you at the next meeting April 28.

Peter Ortel, Publicity chairman

Mr. and Mrs. Stanley Klaviter and children were guests of Mr. and Mrs. Arthur Dini for dinner last Sunday.

The infant daughter of Mr. and Mrs. P. L. Jochum was baptized Sunday afternoon, March 30 at their home by her grandfather, Rev. J. L. Jochum. The name given was Loreley Luann.

In the evening a delicious supper was enjoyed at a candle lighted table which was prettily set with an Easter centerpiece. Guests were: Rev. and Mrs. J. L. Jochum and Mr. and Mrs. Joe Andres, the grandparents; and Mr. and Mrs. Carl P. Jochum and son, Donald.

Mr. and Mrs. Edw. Kampe were hosts to about 45 guests Palm Sunday in honor of their daughter Violet who was confirmed that day. Guests were from Homewood, Matteson, Tinley Park and environs.

Last Sunday the Henry Bormets spent the day with Mr. and Mrs. Reinhold Killians in Chicago.

Mr. and Mrs. Erwin Engelhardt and Mrs. Carl Engelhardt were ill the past week.

Mr. and Mrs. William W. Waterman were last weekend visitors with their parents in Davenport, Iowa and Rock Island.

Mr. and Mrs. Robert Roberts and family visited Mrs. Roberts parents in Coal City, Sunday.

Mrs. H. W. Brandau of near Tinley Park was a visitor in the Tinley Park Times office Monday.

Mrs. Cecilia Sutz of Cedar Lake, Ind., last week spent two days with her daughter, Mrs. Earl Goodson and Mr. Goodson.

Arthur G. Henke, a Brown Swiss breeder of Tinley Park, has recently sold the bull Little Matt's Commander, 80706 to Ray Moss, Danville, Ill. according to a report from the Brown Swiss Cattle Breeders' Association, in Beloit, Wisconsin.

Mrs. Matilda Steinhagen, Mrs. Wm. Mancke and Mrs. B. Anfield are all recovering from the flu.

A week ago Thursday Mr. and Mrs. Carl Bochstahler and Mr. and Mrs. Rudy Freberg returned from a 5 week's vacation in Florida. They report having a grand vacation and the weather was fine.

Mr. and Mrs. Martin Miller will celebrate their 30th anniversary Tuesday April 8 and all their friends are welcome.

Tuesday of this week city water was restored in the Rock Island station, after being turned off during the winter.

Mrs. Joseph Gallina was aguest on the "Let's Have Fun" program last Wednesday at 12 o'clock. The program is broadcast from station WGN. She was the winner in a stunt contest in which three women participated. She received a prize of a hollyhock broiler. The stunt was to fill an eight ounce glass with several fruit juices and seltzer water while the glass was perched on top of the head. The first one to fill the glass and drink the concoction was the winner, and Mrs. Gallina was the first to complete the stunt. She also received a bouquet of two dozen beautiful yellow jonquils flown in from Washington state.

ON ARMY DAY, APRIL 7th, ASK YOURSELF:

**"WHAT AM I DOING
FOR PERMANENT PEACE?"**

We Repeat Our Offer To Prevent A Telephone Strike LET THE PUBLIC DECIDE THE WAGE QUESTION

THE WAGE ISSUE BETWEEN ILLINOIS BELL TELEPHONE COMPANY AND ITS THREE ILLINOIS UNIONS CAN BE SETTLED HERE IN ILLINOIS—BY ARBITRATION.

O O O

A telephone strike in Illinois is being called for next Monday by the National Federation of Telephone Workers in Washington, D. C.—even though local means are at hand to prevent it.

Union demands would represent additional annual costs of \$35,000,000. We would simply not have enough income to cover these costs...

AN AMOUNT EQUAL TO \$2 PER MONTH ON EVERY CUSTOMER'S TELEPHONE BILL

Wages of Illinois Telephone employees are paid for by Illinois Telephone customers; so it seems to us, that wages of our employees should be determined here in Illinois.

We proposed that an impartial board of Illinois citizens decide—through arbitration—whether our wages compare favorably with community levels for similar work or whether increases are justified.

WE REPEAT THAT OFFER

If it is accepted, a telephone strike—with its inevitable harm to everyone—will be avoided. It can be prevented if leadership and responsibility for public welfare are demonstrated by all concerned

THERE IS NO EXCUSE FOR A TELEPHONE STRIKE

Mrs. Carl Weber, who suffered a broken ankle several weeks ago, has had the cast removed. She is now able to be around with crutches.

The Baumann family, who have all been ill with the flu, are sufficiently recovered so their sister, Mrs. John Bobzin of Oak Park, could return home with her son Howard and his wife last Sunday.

Mr. and Mrs. Leo Whitcomb and family of Gas City, Ind., were visitors Sunday in the Baumann home.

Arthur Lambrecht conducted a cantata "From Olivet to Calvary" last Sunday evening in the Methodist church at Chicago Heights. He will conduct the same cantata in the South Holland Reformed church Easter Sunday night.

Miss Charlene Folkers arrived home from Fulton, Mo., where she is a sophomore in William Woods college, to spend her spring vacation with her parents. She will return to her school duties Easter Monday.

Mr. and Mrs. A. M. Sherman of Belvidere were visitors at the home of their son and family, the Rev. Coleman, honoring Barbara, who was one of the confirmants at the Green Garden Methodist church. The confirmants drew a very large crowd, filling the church to capacity.

The teachers of the rural schools are having their spring vacation this week. The teacher, Mrs. Knight and pupils of District 153 Green Garden, entertained the mothers and under school age children at an Easter party last Friday afternoon, which created quite a lot of pleasure for the youngsters.

The Royal Neighbors will meet Thursday evening April 10 for their monthly session, at the village hall.

William Bettenhausen; Corinne Krapf, and Reece Morrison of the University of Illinois, spent Palm Sunday at their homes.

The Albert Naal family of Joliet visited with Mrs. Katie Dammann Sunday evening.

Mr. and Mrs. Frank T. Jeffories, who spent the past four months with their daughter in Las Vegas, N. M., have returned and are temporarily staying with Dr. Siefert's. They report having had a most unpleasant return trip, running into a terrific blizzard. They were stalled on the road for

hours, with dozens of cars surrounding them before the storm abated and they could go on. Consequently Mrs. Jeffories has been ill since.

The Woman's Club will meet in the home of Mrs. Fred J. Paddock Wednesday afternoon April 9, with Mrs. Orville Rasmussen assisting hostess. The program will be in charge of Mrs. Harvey Ingersoll and Mrs. H. Reed Burch.

Visitors of the Missionary society, held in the home of Mrs. Jacob McGuire last Thursday were Mrs. Anna Whorral and Mrs. Stuart Vanderbilt of Peotone; Mrs. Mary Meyers of Joliet, Mrs. Robert Burch and Mrs. Francis Miller. A delicious dinner was served at noon; a business session conducted by Mrs. Wray White and devotionals led by Mrs. C. G. Rowley featured the afternoon. Carpet rags and quilt blocks were sewed and new work committees appointed. An offering for the Woman's Gift to Cong. church work was made.

Relatives and friends gathered in the home of Mrs. John Brier Friday evening to help her celebrate her birthday. The guests included Mr. and Mrs. Fred Meyer and daughters, DeLores and Sharon Joy, Mrs. Fred Fries, Betty Fries, Mr. and Mrs. Leroy Coley, Phyllis and Lee Coley; Mr. and Mrs. Claude Colegrove and family, Mrs. Merce Hendon, Mr. Brier and Mr. and Mrs. Everett Holm and son Billy, the latter from Lemont. An appetizing

supper was served at 11 o'clock at a table decorated in spring colors. Mrs. Brier received many lovely gifts. Letters are being received from Miss Barbara Bowersox, daughter of Mrs. A. G. Ruge, who has a government position with the Sixth army in Yokohama. The young lady has been in Japan about a month.

Mrs. Grace Pigott, who has been quite ill with a gall-bladder attack, is now suffering from burns which she received from an over-heated electric pad. Mrs. Guy Bump is caring for her.

Mr. and Mrs. Fred Meyers and grandson of Joliet were Thursday evening visitors in the Robert Burch home.

Mr. and Mrs. Ival White entertained a group of relatives from Mokena at supper Thursday evening, after which the entire party attended the operetta "Marianne" at Lockport high school in which their son, Richard, played one of the leading parts.

Mrs. George Bump and son Clare have been quite ill with flu during the past week.

Mr. Albert Schwab is recovering from a recent severe illness. His brother Charles of Chicago, has been a guest in the Schwab home for several days.

Carol Burch entertained several of her school friends in her home Sunday afternoon in celebration of her eleventh birthday. The home was prettily decorated, games were played and dainty refreshments served by her mother Mrs. Reed Burch and her sister Shirley. The hostess received many pretty gifts.

Mr. and Mrs. Eugene Anderson and Betty were recent visitors in the Vanderbilt home at Peotone.

Lawrence Burde, who is suffering from an injured hand is a patient in Ingall's Memorial hospital at Harvey, instead of Joliet as was mistakenly reported last week. His visitors during the past week included Mr. and Mrs. John Brier, Mr. and Mrs. Claude Colegrove and Mr. and Mrs. Everett Holm.

Mrs. Mary Meyers of Joliet, who is a house guest in the Robert Burch home, spent Sunday afternoon with her daughter, Mrs. Clarence A. Rowley and family of Plainfield.

Mr. and Mrs. Everett Holm and son Billy of Lemont were Sunday dinner guests in the home of Mrs. Henry Holm.

Frank Milne is recovering from an attack of pneumonia.

Ralph Benck, son of Mr. and Mrs. Herman Benck, was confirmed at the Trinity Lutheran church, New Lenox

on Palm Sunday. Homer schools are closed today because of Good Friday.

The Homer Lockport Home Bureau meeting which was to have been held at Mrs. Frank Laucks' home last Wednesday, was postponed until Wednesday of this week because of impassable roads.

The Community club met in the Town Hall Friday evening. Cards and bunco were played. Mr. and Mrs. Wray White were chairmen of the evening's activities.

A Message To Fathers

IF YOU ARE A FARMER DO YOU MILK BY HAND OR USE A MODERN MILKING MACHINE?

IF YOU WORK IN A SHOP DO YOU USE STONE AGE TOOLS OR A MODERN LATHE?

IF YOU ARE A MILK DRIVER DO YOU USE A HORSE AND WAGON OR A MODERN TRUCK?

IF YOU ARE A FARMER DO YOU PLOW WITH HORSES OR USE A MODERN TRACTOR?

IF YOU WORK IN AN OFFICE DO YOU USE A FEATHER QUILL OR A MODERN BALL POINT PEN?

IF YOU ARE AN EFFICIENT WORKER YOU ARE NOT SATISFIED WITH OUT-MODED EQUIPMENT, but want the newest and most up to date automobile, tractor, hay-baler, camera, golf clubs and many other things that men like.

There are several modern miracles that take the work and drudgery out of the home, new equipment that will bring the lady of the house, ease, comfort and sanitation that she never thought possible. Let us take a few minutes to talk about some of these miracles.

Number one is the new Automatic Laundry that washes the dirty clothes without work, fuss or bother. She doesn't even get her hands wet, can go about her housework, or go shopping while the machine does the work, and she or the children cannot possibly get hurt by the wringer or tubs of hot water. Yes, and if your wife is not real strong, she may not be able to stand all the lifting of heavy water-soaked clothes, carrying water and moving the old fashioned machine around.

Second on our list is the new Automatic Drier that dries the clothes as fast as she washes, no more hanging clothes on the line when it is cold and windy or waiting for sunshine. Automatic Driers are the dream answer to rainy wash days, to clean, sanitary, fluffy-dry clothes ready for the ironer. Clothes are tumbled in a warm air current until damp or thoroughly dry.

Next is the DeLuxe Ironer that does away with you wife standing for hours with a hot flatiron in her hand. With the new Ironer she can sit down in comfort, do her ironing in much less time, and do it lots better. The new machine is a beauty with three open ends.

Last but not least is the Electric Dish washer Sink. Whether you know it or not that is one chore women dislike and they have it to do morning, noon, and night, and after the guests go home. The new Dishwasher Sink with the Disposal, washes and dries the dishes, pots and pans automatically, with no effort or attention on her part and they are washed clean, and rinsed twice in hot water so that they are safe to use again. The Disposal flushes away the garbage down the drain. The unsanitary dishrag and tea towels will be things of the past.

Don't you think your wife should have these labor saving conveniences? Perhaps you won't want to purchase all of them at once but talk it over with her and at least get ONE of these new miracles. In our farm store we have many appliances ready for your inspection and we cordially invite you and your family to stop in and see the latest in home equipment.

Evangeline Lach and her cousin, Donna Blau of Chicago, celebrated their Confirmation day together last Sunday in Orland Park with 40 relatives attending. The cousins received many lovely identical gifts. The guests were served at the Parish house.

Last Thursday evening March 20, Mrs. Wm. Lang entertained at a baby shower in honor of baby David, infant son of Mr. and Mrs. Albert Wheeler. The guests enjoyed playing pinocle and prizes were awarded. The hostess served delicious refreshments after the game. The baby was the recipient of many useful gifts.

The regular meeting of Laurel Camp 1796 RNA met at the home of Mrs. Mollie Reish, Thursday evening, March 27. Ethel Reish and Mrs. Bernice Reish received the obligation. The camp voted to contribute \$2.00 toward the Red Cross drive. A few rounds of bunco were enjoyed by the members, after the adjournment. Prizes awarded and refreshments served by the hostess committee. Mrs. Mae Strong and Mrs. Hilda Cox.

Mrs. Martin Smith has been on the sick list.

The regular meeting of District 13. PTA will be held Tuesday evening, April 8th at 8 p.m. in the school house on Wolf Rd., and 143rd St. The pinocle tournament will be continued after the meeting. The public is invited to join in on this friendly game. Albert Lorenz was the high scorer at the last meeting. Refreshments will be served after the game.

The Adult Bible class will meet Wednesday evening, April 9 at 8 p.m. in the recreation room of the church. Members are urged to attend and bring a friend.

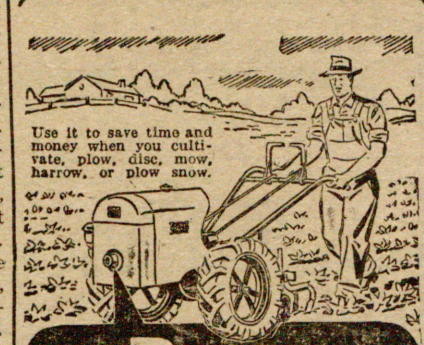

The Legion Auxiliary, unit 526 of Orland Park will hold its regular meeting Friday evening, April 11 at 8 o'clock in the school library. The program will cover PanAmerican and rehabilitation projects, of which Mrs. Alice Sorley is chairman. She will introduce Mrs. Evelyn Reeve, District director, and Mrs. Ethelyn Mehren, district rehabilitation chairman, guest speakers, who will tell of their work. Refreshments will be served by the birthday group, Mrs. Mollie Reish, Mrs. Verna Farr and Anna Mae Butler.

Mrs. Theodore Thomas of Battle Creek, Michigan is visiting her parents Mr. and Mrs. John Loebe for a

week. Mr. Thomas spent the weekend in Orland but returned to Michigan.

Mr. and Mrs. Franklin Loebe entertained about 16 guests at a christening dinner and supper, Sunday, March 30 in honor of their daughter, Nancy Ruth. The maternal grandparents, Mr. and Mrs. Henry Wolske of Chicago and paternal grandparents, Mr. and Mrs. John Loebe and aunts and uncles on both sides were among the guests.

The WSCS of the Methodist church met at the home of Mrs. John Loebe, Thursday, March 27 for an all day session. The ladies were busy quilting, embroidering and crocheting. The members attending brought a sandwich and the hostess committee served coffee

**BOVINE MASTITIS CONTROL
ADDS TO MILK PRODUCTION**

Milk production increased 3.1 pounds per cow per day in 25 Illinois dairy herds after the introduction of mastitis control measures, says Dr. H. S. Bryan of the University of Illinois college of veterinary medicine. The control program was initiated in 1944 in seven of the leading Illinois milk-producing areas.

Statistics show an increase of 946 pounds of milk per cow for one year, or an increased return of \$37.84 per cow per year during the mastitis control period. An increased return of \$681.12 for an 18-cow dairy herd was estimated.

"Dr. F. L. Brown Geneva, is at the disposal of Cook county dairy men with mastitis problems," states Farm Adviser C. A. Hughes. "The only cost is a of established business concerns, but as willingness to do something about mastitis in your herd."

POLITE GENTEEL JOE

"You have told me about some of your worst prisoners," said the reporter interviewing the veteran prison warden. "Now tell me about some of the more genteel fellows. Who, for instance, was the most polite criminal you ever had here?"
"I think," replied the Warden, "that it was Genteel Joe."
"He was really polite, eh?"
"Yes," replied the warden. "When he escaped, he left a note for me reading: 'I hope you will pardon me for the liberty I am taking.'"

**DIVORCE RATE IS LOWER
IN U. S. RURAL AREAS**

With government statistics showing that rural areas have only one divorce per 100 population while cities show one divorce per 56 population, resulting in thousands of broken families each year, again is demonstrated the basic contribution of town and country communities to the home life of the nation.

Building of strong homes based on spiritual foundations has become of great concern to major religious faiths of the nation. This is revealed in plans made by an interfaith committee representing Protestant, Catholic, and Jewish faiths arranging the 1947 observance of National Family Week, May 4-11, in churches and synagogues.

The committee includes Rabbi Ahron Opher of the Synagogue Council of America, New York; the Rev. Edgar Schmiedeler of Washington, D. C. director of the Family Life Bureau of the National Catholic Welfare Conference; and Dr. T. T. Swearingen, Chicago, director of adult work and family education of the International Council of Religious Education, and secretary of the committee.

PEACH HARVEST PROSPECT

Prospects of at least a normal 2,000,000 bushel Illinois peach crop this year has been strengthened by cool weather through most of March, T. L. Davis, manager of the Illinois Fruit Growers Exchange, says. The exchange is a subsidiary of the Illinois Agricultural Association.

Southern Illinois peach blossoms are expected to bloom after the first of April, two to three weeks later than last year, when orchards were in full bloom March 16.

Late frosts and freezes a year ago damaged the tender peach shoots, and by the time hail, insects, and flooding rains finished their ravages the Illinois crop was cut to 1,200,000 bushels somewhat more than half a crop.

"This year the situation appears more normal," Davis said. "The peach outlook is good with possibilities of a bumper crop. There has been practically no winter injury and the abundance of rain during the past growing season resulted in a fairly heavy bud set for this spring."

Two-fifths of all grade crossing collisions in 1944 occurred at the busy crossing protected by gates, lights, bells or watchmen!

Will County Farm Advisor Gives Timely Pointers

C. A. Hughes, farm advisor, has issued a timely warning to farmers to observe simple common-sense business rules in making purchases of equipment and supplies from soliciting agents. The warning is issued as no real guard against unauthorized representatives and over-enthusiastic salesmen on legitimate representatives.

Mr. Hughes' warning follows: Agents, like flowers, come in the spring. They come to sell feed, seer, fertilizer, stock remedies, tractors and vanilla to the farmer and the farmer's wife. Sometimes they leave the goods and take the cash, completing a sale. Many times, however, they ask the farmer or his wife to sign a contract for future delivery. Payment may be made after delivery, at the time of entering the contract, or at some other time or times and under an installment-plus-interest plan. In any case, there are some simple rules of a mixed legal and business nature which should be kept in mind by one who purchases from an agent.

Be sure that the agent is a bona fide representative of the company he claims to represent and that he has authority to sell the products under the plan he proposes and with the guarantees or warranties he makes. In case of doubt, do a little "checking up" before signing a contract. This is important, because if the agent is not authorized to enter the contract he urges or to make the warranties he states, his company is not bound. Also if the agent is not authorized to receipt payment and payment is made to him, his misappropriation of funds may not prevent his company from collecting under a valid contract made by the agent.

Agents can do a great deal of "puffing" about their product without being legally held as having made guarantees or warranties. Therefore, a purchaser who wants to make sure the article is as presented should exact written guarantees from the agent.

As in other business transactions, it is a distinct advantage for the buyer to deal with an agent known to him either personally or by reputation. Goods purchased from an agent should be subjected to the same tests of economy and ability-to-perform as are goods purchased elsewhere. To do this it may be necessary to properly discount an attractive presentation of statements that sound like facts.

Future Girls

By Mrs. S. S. Knox

There is something about a Girl state that is fine!

What is Girls State?
Girls State is an effort on the part of the American Legion Auxiliary to provide citizenship training for girls of high school age in every state in the nation, to acquaint them with the functions of government in a democracy, to provide opportunity for them to live together as self-governing citizens and to participate in the actual functioning of the government, helping them to grasp the meaning of some of the responsibilities which they must assume as American citizens when they become adults.

Remember, while the American Legion Auxiliary is the sponsor of this program, we definitely want other organizations to participate. We want them to be interested in our program. Also, remember to tell your people that it is not only the legionnaire's child or the veteran's—it is everybody's child who can qualify in the upper third of the junior high school class that we want to be part of our Girl State. Eligibility is limited to girls who have just completed their third year of high school work.

Additional information and personal help may be obtained by contacting Mabel Ekberg, unit president, or Mrs. Gustie Hallinan, Americanism chairman. Let us do everything within our power to obtain our goal—"A Girl State in Every State"—for there is something that is fine.

Weeds Seeding in Pastures

Clip pasture weeds before they clip you. That's the advice of Lloyd V. Sherwood, University of Illinois college of agriculture agronomist. And, he says, that means before the weeds blossom. If they're in blossom, the weeds can produce seeds even though they are cut. It is better to clip them, even if they are in blossom, than not to clip them at all, but you'll get the best results by cutting them before they blossom.

FLIES FOR COWS

With warm weather in the offing, fly time is near. H. B. Petty, entomologist with the University of Illinois college of agriculture and the State Natural History Survey, says that with DDT the dairyman or livestock producer can now control flies to such an extent that they will no longer be of any economic importance.

But, Petty warns, sanitation and the destruction of breeding places are just as necessary as ever. He says it is doubtful whether DDT without sanitation could control flies satisfactorily.

If you'd like to have information about just how to use DDT in your fly program, you can have it by sending a card to the College of Agriculture, Urbana, Ill., and ask for circular NH 219, "The use of DDT for Fly Control on the Farm."

FARMERS URGED TO SELL WOOL BEFORE APRIL 15

Farmers with wool to sell were advised today by S. F. Russell, secretary-manager of the Illinois Wool Marketing Association, an Illinois Agricultural Association affiliate, to market it before the Commodity Credit Corporation stops buying April 15.

Since 1943 the CCC has bought up all domestic wool to stabilize prices during the war. The program is due to expire April 15, at which time the price of wool is expected to drop 5 to 10 cents per pound.

To take advantage of the higher price, Russell explained that farmers must ship their wool on or before April 15, and explained that arrangements can be made to ship directly to the warehouse of the Indiana Wool Growers Association at Indianapolis by calling their county farm bureaus.

BAND INSTRUMENTS NEEDED

The National Champion American Legion Band sponsored by Harwood Post 5, the American Legion of Joliet, Illinois, is very anxious to obtain various band instruments for use in the band that are not available due to shortages of material or other causes. They are appealing to former bandmen and musicians to help them overcome this situation.

If you are the owner of an instrument suitable for band concert or street parade use and wish to dispose of it by sale or donation kindly notify William H. Maxwell, Court House, Joliet, Illinois, by postal card giving type of instrument, name of maker, pitch, age and condition, and Committee will call on you at once and negotiate for the transfer of the instrument to the band.

How many homes are there in your community? Last year of every 1,100 homes, one was visited by death due to home accidents, reports the National Safety Council.

NINTH GRADE ENGLISH

In the ninth grade English class the teacher was discussing etiquette. When she finished, she asked Bobby how he would ask a girl to dance. Bobby replied: "Come on, worm, let's wiggle!"

NOT ONLY ENGLAND . . . Europe is not the only place buffeted by heavy seas. At Redondo Beach, Calif., the angry surf returned to the onslaught again, crashing over the cement walk and cascading into living rooms of waterfront homes. Photo was taken after the wild waves had calmed down to a great extent. Women at extreme right is shown shoveling debris away from her front door.

THIS LITTLE PIG WENT TO— . . . a restaurant not to market. But he had nothing on the little piggy who went to market. "Oscar" wandered into a restaurant in downtown Los Angeles. No one knew where he came from, but chef Frank Tornabene, holding a meat cleaver behind his back, seems to know where he is going. And just when pork prices are going up, too.

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Readjustment, Unemployment

With approximately 218,000 veterans already having exhausted their readjustment allowances for unemployment and self-employment benefits, Veterans' administration cautions all veterans against wasteful use of these benefits, since they will remain available until two years after official end of the war.

The 218,000 who have exhausted these benefits cover the period from the inception of the program in September, 1944, to February 1, 1947. It includes the 60,000 veterans who drew the last of their benefits in January, 1947. The January total established a new record high. In December, 1946, the previous high, 38,000 veterans had exhausted their entitlement.

While the number who have used up all their benefits is not great in comparison with the nearly 6,000,000 veterans who have been on the rolls for varying periods at one time or another, VA said an accelerating rate of exhaustions may be expected with the passing of time.

VA admonished that by conserving their use now, veterans will retain a valuable asset to tide them over any possible future period when jobs may not be so plentiful.

Questions and Answers

Q. My grandson enlisted voluntarily for overseas duty for three years. He likes army life and is in Germany. He got into some trouble, the nature of which we do not know, but the fine was severe so we think it must have been quite serious. He was placed in a stockade and fined \$300. This happened November 22, 1946. His time will be up March 27. We did not hear from him from November 4 until he wrote us January 1, 1947. We tried to have him traced through the Red Cross, but had no result. He has had only two letters from us in all that time, received only two packages from us, although we have written many letters and sent packages from time to time. He said his mail is censored, but states he has had good treatment and does not rebel at his sentence. Now what we wish to know is why does he not receive his mail and why do we not hear more frequently while he is confined. To whom should we write about this?—Mrs. L. W. H., Ponca, Neb.

A. Not knowing the degree of your son's offense, the army suggests that you write directly to his immediate commanding officer. You need not know his name. Address your inquiry to "Commanding Officer" and then give the address of your son's outfit.

Q. Is there any way of finding out about provisions for the wives of G.I.s going to Germany? My son will be six months old in April. I also have one child aged 3 years. I would like to know how often the boats go to Germany with wives; what clothes and household things and such we take; does the government pay my expenses to New York and does this mean food, train and such; how long is one in New York before sailing; are there shots and such to be given us before we sail; do we have to get a place to stay while in New York or does Uncle Sam attend to all that? Are there certain clothes we must take for on boat; how does one take care of baby diapers and such on the boat? My husband has put in for my coming but I'd like to be as nearly ready as possible. Or will I have plenty of time after I get my notice of sailing to do all these things?—G.I. Wife, Borger, Tex.

A. You will have plenty of time to make all arrangements after you receive your notice of ship sailing and can gauge your time in New York by the hour of your sailing. The government pays your way from port of embarkation and provision is made aboard ship for laundry and nurseries for children. It is possible that you may have to take "shots" before sailing. Would suggest that you write your husband as to the nature of clothing needed in Germany. Also he can give you all details, since all arrangements are made through his commanding officer.

Q. I am a veteran taking advantage of the on-the-job training offered by the Bill of Rights for the G.I.s. I understand that the on-the-job training program grants each veteran 30 days leave each year. Does it also demand that the outfit he is working for also grant the veteran 30 days leave?—I. S., Augusta.

A. VA says the law provides that the veteran taking this training is entitled to 30 days leave with subsistence payments. However, there is nothing in the law which requires the firm or establishment for which he is working to give him leave.

Chemical Dehorning Greatly Improved

Less Painful Solution Produced for Process

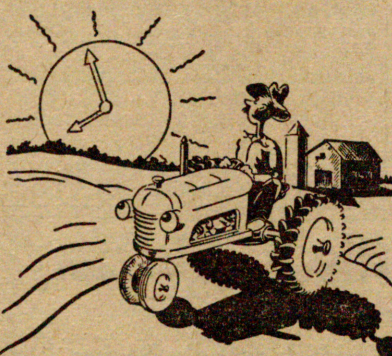

While livestock specialists and dairymen generally have widely used caustic sticks and pastes for stopping horn growth on calves, the method always met with some objections.

The caustic sticks caused extreme irritation to the animal, and failed to stop horn growth effectively as a result of the animal rubbing the chemical off. It also resulted in injury to the animal's face and eyes due to careless application.

A new type of chemical dehorner has been found that promises to overcome the disadvantages. The new product is an escharotic solution in which antimony trichloride and salicylic acid are combined. It is much less painful to animals than caustics containing hydroxides. It has another advantage in that it does not extract fluid from the tissue, causing runny sores. It also dries quickly.

When applied to a horn button the escharotic solution forms a tough film that is not washed off by rain. An eschar forms beneath the film, and when it sloughs off, the horn button comes out with it.

Farming by the Clock

Old Man Weather sometimes gives a farmer only a short time to do critical field work. Minutes and seconds count. The farmer must be a natural "clock watcher."

Mechanical power that gets the job done in the limited time when the weather is right may mean the difference between good crops and a profit and short crops and a loss.

Servicemen Warned On Farm Purchases

Many war veterans, young and full of ambition, have bought, or plan to buy, farms of their own. In many instances, farming will prove a good life's work. In others grief may come through causes that might now be avoided.

The first consideration that a prospective buyer of farm land should keep in mind is that the sound value of farm land depends on its capacity to produce a profitable income over a long period of years, agricultural leaders advise. This income must pay operating expenses, be sufficient to provide a living for the farm family and leave enough margin to pay interest and principal on any debt that has been contracted. Prices of many farms are high. In buying a farm now one should find out whether it will be substantially reduced. A buyer of a high-priced farm may have to pay for it out of a low income in the future.

In general, thus far, the pattern in prices during and since the end of World War II has closely paralleled that of World War I.

Previous experience, following World War I, indicates that when prices in general start to recede from wartime high levels, the prices of products which farmers sell drop fastest and farthest than the prices of things which farmers buy. Then reduced net income may not support the debt on farm land previously purchased at high prices.

Veterans should not purchase excessively high-priced land at present, unless value can be proven.

They should not borrow to speculate in farm land; they should retain their U. S. savings bonds and other liquid assets. This will provide cash that will enable farmers to buy needed materials and equipment when available, and also will afford a cushion against a drop in farm income that may come in the future.

Farmers Need Aid in Soil Erosion Control

Conditions which make it impossible for farmers to practice the best type of land use, says National Wildlife federation, in relation to soil erosion, are heavy taxes, unfair mortgages and heavy debts. The federation points out that such conditions will have to be remedied by increased financial returns to farmers, group action and possibly by government action before the problem will be solved.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off their load without waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

EMINENT HOMEMAKERS . . . Mrs. Fred Dittman, Highmore, left, and Mrs. Louisa F. Rehfeld, Warner, who have been selected by South Dakota State college for the award of "Eminent Homemaker—1947." Mrs. Dittman is the mother of 12 children, all of whom are making high places for themselves. Emil, the oldest, is a chemist on the atomic bomb project. Since her husband's death, Mrs. Dittman moved from the farm, but manages to operate one of the largest home gardens in the state, in addition to active work in church, garden and community organizations. Mrs. Rehfeld's husband died in 1936. Although the farm was under heavy mortgage, she managed to pay off all debts, educate and raise six children.

'OLE CACTUS' CONTENTED . . . After 54 years in politics, John Nance Garner, one-time vice president of the United States, now in his 79th year, puffs away on a favorite cigar, the picture of contentment, at his oak-studded Uvalde, Tex., ranch. With politics a closed chapter, the Texan may be seen every afternoon feeding his large flock of chickens and turkeys, at peace with the world and glad that he does not have to help solve the world problems.

MARGARET'S DEBUT . . . Margaret Truman singing in her radio debut with the Detroit Symphony orchestra. Critics, generally, said that the President's daughter showed promise of developing into an opera singer after further experience.

MILITARY GOVERNOR . . . Gen. Lucius D. Clay, who has just been appointed military governor of the U. S. zone in Germany, relieving Gen. Joseph T. McNarney. General Clay will command USE.

**FULL CAR SERVICING
HELD BIG AID TO SAFETY**

This spring offers most motorists their first chance since 1941 to service their overaged cars, averaging nine years in operation, with a critically needed spring conditioning of pre-war calibers and thoroughness, according to Charles M. Hayes, president of the Chicago Motor Club.

"Surveys show garage equipment, service facilities, mechanical manpower, accessories and most replacement parts with the temporary exception of batteries restored to or approaching the pre-war levels of supply necessary to service the nation's motor vehicles adequately for spring," Mr. Hayes said.

"Operating an average of nine years, and receiving limited maintenance service during most of that period 20 million cars require thorough spring conditioning as a vital measure of public traffic safety and to continue them in uninterrupted operation. Accentuating this need, many cars were submitted to abnormal weather exposure this winter during shortage of garage storage space," Mr. Hayes pointed out.

5,500 CHICKS, WANTS MORE

Andrew E. Bueschel thinks he has too few chickens and is preparing to increase his flocks. He has only a few now—5,500 to be exact. Mr. Bueschel, who with his son operates a chicken-raising business and lives on Wolf Road, Mokena, is constructing a modern chicken house 30 by 60 feet in size, and plans on greatly extending his operations. He lives a quarter-mile north of the village line and has been operating the business for many years.

The Boy Scouts of America, with a fifth priority, are buying quantities of surplus bunk beds at the lowest acceptable bid of commercial buyers, less a 40 percent discount, WAA announces.

At St. Peters

The Easter Day at St. Peter's Evangelical and Reformed church at Frankfort will begin with an Easter Sunrise service at 6:30 a.m., followed by breakfast in the church parlors. The St. Peter's Youth Fellowship has charge of this service and breakfast and invites you to attend. This will be a candle light service with the young people participating.

The regular Easter services will take place at 10:30 A.M. with Holy Communion service. The choir will sing the processional and also the anthem "Open the Gates of the Temple" the pastor, Rev. E. Bizer, will bring the Easter message.

On Good Friday evening at 7:30 the annual Candle Light communion service will take place. Assisting the pastor will be the Rev. Walter Bloesch of Monee.

**STELLAR SPEAKER SCHEDULE
FOR SUNDAY SCHOOL MEET**

Thomas Clark, attorney general of the United States, Harold E. Stassen, former governor of Minnesota, Mrs. Harper Sibley, Rochester, N. Y. president of the United Council of Church Women, and Dr. Mordcaai Johnson, Washington D. C., president of Howard university, are among national leaders who will address the 21st International Sunday School Convention to be held at Des Moines, Iowa, July 23-27.

With an expected attendance of 10,000 volunteer Sunday school workers from all parts of the United States and Canada, the convention is planned to give mental and spiritual stimulation as well as fellowship and instruction during the four-day session, according to the Rev. John B. Ketcham, convention executive director of the International Council of Religious Education, sponsors of the convention.

**Non-High Transit
Must Await 1948-49**

Transportation for high school students in Non-High Board of Education District 208 of Will county will not be possible, the board has announced, during the 1947-48 school term.

This is due, the board announced in a letter to principals and superintendents, because sufficient funds are not now available to pay for both tuition and transportation, although the board is levying the legal limit.

In the announcement, the board stated that it is the opinion of the board "that if the non-high territory of Will county remains intact" sufficient funds

**His Honor Is Bumped
By Dog--Or Is It Goat?**

His Honor the Mayor of Mokena recently was a victim of a strange local dog, it was reported at the meeting of the village board of trustees Tuesday night.

According to the "talk," His Honor ran afoul (that's putting the reverse on facts, it was said) of a goat-natured dog. Actually, His Honor was walking along the street when—"BANG!" right on the back of a leg. The attacker looked like a dog, but it's hard to convince Mayor Cooper that the dog had not been loafing around somebody's goat yard.

There have been other victims, it was said, but the village has no authority over dogs and reports must go to county officials. It was also said that the owner will dispose of the dog. One elderly lady, it was reported, was knocked down by the dog into after-snow mud near the Rock Island station.

It isn't the right of way that counts, —it's the right way, says the National Safety Council.
